Employee 2 – Interview Findings

Who we interviewed

Finance Specialist, Budget & Monetary Motivation Department at LeoBank (currently employed)

How we reached them

Contacted through professional network (former economist at Azersu, now working in LeoBank). Chosen due to strong experience in finance, budgeting, and performance systems.

Interview format

Online interview (Google Meet), 25.03.2025~7 minutes

Insights worth highlighting

Real responsibilities:

- Bonus calculation, budget planning, KPI analysis, and optimization of employee motivation systems

Skills for success:

- Strong analytical thinking, working with numbers, and honesty (admitting and fixing mistakes is critical)

Team culture & environment:

- Young and dynamic team, fast-paced work, internal training opportunities, social environment after work

Best & hardest parts:

- Best: Career growth opportunities, flexible internal mobility
- Hardest: High responsibility, tight deadlines, large data handling, constant change

Advice for students:

- Focus on practical skills, ask questions, be active, and understand business needs (not just theory)

Comparison, Reflection, and Key Takeaways

Comparison point	Employer 1	Employer 2
Culture / work environment	High-pressure during busy periods Professional, formal communication	Young, fast-paced work environment. Supportive and social
Best role match for us	Junior finance/accounting role Finance analyst support role	Soft collection or call center for students
Skills we still need to build	Budgeting and forecasting basics Attention to detail and responsibility	Being responsible, analytical thinking, confidence
Career growth potential	Clear promotion path Start from trainee / junior level	Strong career growth potential, especially for young employees.
Overall attractiveness	Useful benefits and training Attractive for disciplined and detail-oriented students	Attractive for young professionals, has modern environment, personal and career growth opportunities

Interview Question Bank

Questions we have asked the employees

Questions 1–6

1. Can you briefly describe your current role and main responsibilities?
2. How did you enter this company and this sector?
3. What does a normal workday or workweek look like for you?
4. What skills or qualities are most important for success here?
5. Which entry-level roles are best for new graduates in this company?
6. What do employees usually enjoy most about working here?

Questions 7–12

7. What are the biggest challenges or pressures in the job?
8. How would you describe the company culture and leadership style?
9. How do promotion, training, and development usually work?
10. If you are comfortable sharing, what are the salary range and working conditions like for junior roles?
11. What mistakes do new graduates commonly make when applying or starting out?
12. If you were in our position, how would you prepare over the next 6–12 months?

CONCLUSION

Career opportunities

Personal and career growth
